

Office of Child Nutrition Programs

PayForIt.net Online Payments

You can put money on your child's meal account over the Internet, 24 hours a day, 7 days a week, using www.payforit.net and a credit card or debit card. Using this service eliminates your worry about money not reaching school or your child not having money for his/her school meals.

To set up an account, you will need the following:

- Your child's first and last name **exactly** as it appears in the school district's database and your child's **nine (9)** digit student identification number. **(This information can only be obtained by contacting your child's school office.)**
- A valid email address and a credit or debit card.

Using this service will allow you to easily do the following:

- Set up an account;
- Deposit money at your convenience;
- Set email reminders to notify you when your child's account gets low;
- Set up recurring payments;
- Check your child's balance, at no cost; and
- Request an activity report so you can see what your child has eaten in the previous thirty (30) days.

Each child in your family can be set up on the same account. Once money is placed on the account, it typically appears in your child's account within two hours or less.

For questions or help with the process, please contact Star Adams, Child Nutrition Support Specialist, at (434) 797-8969.
