

Types of Meetings

Types of Meetings and Purpose

Parental involvement is highly encouraged and most appreciated in the educational and social development of our students. As a parent/guardian, you may be invited to participate in the following types of meetings:

Child Study Committee Meeting – A problem-solving committee that addresses academic and or behavioral concerns of students in an effort to allow them to experience success in the school environment. This Committee also may find it necessary to refer students for a special education evaluation.

Eligibility Group – To determine if your child is eligible to receive special education and related services.

Manifestation Determination Review Team Meeting – To determine if there is a relationship between your child's disability/impairment and the behavior in question.

IEP Team Meeting – To develop and/or review your child's Individualized Education Plan.
